LOGAN, CACHE COUNTY, UTAH THURSDAY JULY 20 1916

FOURTEENTH YEAR

COMMITTEE OF REPUBLICANS IN SESSION

Determine That Delegates Be Elected
by Direct Primary to State and
Congressional Conventions

Judge H. A. Pederson, Republican county chairman for Cache County, had his committee together at the county court house yesterday afternoon at which time it was decided to elect delegates to the state and congressional conventions by direct primaries called by the various precincts, and that the number of delegates each precinct is entitled to was determined by the number of votes cast for the Hon. Reed Smoot for U. S. Senator in the year 1914, which apportionment was as follows:

State	Congress
Convention	Convention
Logan	12
Smithfield	5
Richmond, Cove and Mt. Home	3
Hyrum	3
Wellsville and Mt. Sterling	2
Paradise and Avon	2
Providence and River Heights	2
Clarkston	1
Mendon and Peters- boro	1
Newton	1
Lewiston, Wheeler and Stephens	2
Trenton and Cornish	1
Hyde Park and North Logan	2
Benson and Riverside	1
College	1
39	48

From the above apportionment of delegates, Cache County will be represented in the state convention by 39 delegates and in the congressional convention by 48 delegates.

It was unanimously carried that the precinct primaries will be held in the precincts on the evening of August 1 and the calls will be so made by the chairman of each voting district.

The matter of the judicial convention was taken up and Chairman Pederson was authorized to call the convention for September 1, providing this date meets with the approval of the county chairmen of Box Elder and Rich counties.

Those present at yesterday's meeting were:

H. A. Pedersen, C. W. Dunn, Farrell Johnson, Thomas Kerr, Frank Stephenson, M. C. Harris, Fritz Ecklund, Joseph Nielsen, A. A. Law, H. Bullen, W. H. Thain, Garrett Dahle, W. H. Chugg, L. H. Halverson, John Hicks, Charles McCann, John A. Israelson and J. C. Allen.

NEW LIGHT ON OLD PLAN OF ORGANIZATION

Those Republicans who are responsible for the calling of the County Central committee who met and acted for the Republican party at the court house yesterday would do well to brush up on party organization. We respectfully call the attention of those gentlemen to section 3 of the Plan of Organization of the Republican party which reads as follows:

"The County Central Committee shall consist of the county chairman and the chairmen of the respective election districts in the county."

Although it is rule may have been passed by Republicans who are now "antideluvians" as was charged by one of the gentlemen yesterday, yet we claim it is a just one, and if properly lived up to and respected it will give better satisfaction and bring forth more good fruit for the Republican party than all the questionable manipulations of yesterday. If the party is to perform the purpose of its organization the rules of yesterday must be the rules of today, and if the rules are "antideluvian" let's change them, but for the sake of all that is good, and for the sake of the Republican party, do not violate them.

THE TRAVELING SPIRIT HAS HIT BENSON WARD

Benson, July 16.—The spirit of travel and sight seeing has made itself felt in our ward lately.

On Sunday last, W. G. Reese and family went to Weston to visit their son and daughter, Mr. and Mrs. J. F. Reeder. Dr. Newell Munk went with them.

On Monday, Mr. and Mrs. A. J. Reese and their sons Charles and Foster and Angus Funk left for the Snake river country where they have relatives located. Their daughter Sarah had gone a few days before.

With regret we learn that a reckless driver ran into them near Idaho Falls and damaged their car quite badly, but they have had it repaired and they are again on their journey.

On Wednesday, W. G. Reese and wife and their sons Gordon and Arvel, took a three days trip to Salt Lake City, and the following day Mr. and Mrs. R. O. Reese and Mr. and Mrs. A. V. Reese left for an outing to Soda and Bear Lake to spend a week or ten days.

On Saturday last, Bishop and Mrs. Reese and family and Mr. and Mrs. M. E. Rogers and family left for Salt Lake City to spend over Sunday in Zion.

On Friday last Mr. and Mrs. Jonathan Smith and their family and Mr. Smith's parents, making nine passengers in their Case car, returned from a six hundred mile trip, going as far as Driggs, Idaho. They had a very pleasant trip not having any car trouble and all conditions most favorable. The roads were in excellent condition and the weather ideal. Mr. Smith says he never saw the crops looking so good through Idaho as at present, especially the grain, hay and potato crop. Water is very plentiful throughout the country where he traveled. However he thinks that the Cache Valley sugar beets are better than the crop in Idaho.

One of the saddest things that has happened in our ward for a long time was the accident on the Fourth, in Logan canyon when Mrs. H. W. Ballard was run over by their car and badly injured. It was certainly a shock to our people as Mrs. Ballard is highly esteemed and loved for her admirable traits by all those who know her, and we sincerely trust that she may soon recover and not feel the bad effects of her broken bones and also the bruises. We also sympathize with her devoted husband in the anguish he experiences in feeling that he might be somewhat to blame. Hope and despondency, pleasure and pain, are mingled together like sunshine and rain.

Mr. M. J. Falslev is a happy man, as a result of another fine boy coming to his home on July 9.

The Twenty-fourth is to be fittingly celebrated in the evening.

Can Get It Free.
Borrowing trouble is unnecessary. Many people will be delighted to hand you their share for keeps.—Judge.

Clarkston, July 18.—We are preparing for a real old time celebration for July 24th, under the direction of the Sunday School and Primary officers. It will consist of a grand parade, showing Utah as it is today; also the pioneers, we are going to build a real old time bower. After the parade there will be a fine program at the bower. All kinds of sports in the afternoon, concluding with a grand ball in the evening.

We have had some nice little shows of late that encouraged the farmers, as they thought the crops would be very light in this part of the country.

Mr. Thomas Godfrey, Mr. Hans Jensen and family Mr. Isiah Thompson and family have recently returned from the Snake river country. They all report having a good time.

Mrs. Hannah Thompson has been very ill.

Patriarch William Griffin of Newton, has been in our midst giving a number of blessings to our bee hive girls.

The work of removing the trees on South Main street for laying street paving has begun in real earnest. A large traction engine is being used effectively to do the work.

Advertising makes the wheels bus.

The Liquor Question

BY HERSCHEL BULLEN

It is said that an individual cannot be legislated into morality and right living, that such a condition is a matter of education, and the handling of the liquor question is cited as the proof thereof. Since the legislative session of 1909 the liquor question has been a live issue. At that time some of our fellow citizens became extremely intemperate and sought to accomplish the desired results thru the crosscut route. They demanded the enactment of legislation which was promptly denied on the grounds that the people were not prepared for it, as sentiment was not sufficiently strong and united to insure its enforcement and success. Since that intemperate outburst some of those extremists have receded from their radical position, some have joined the conservatives, and it is safe to say that all are more temperate and fair minded. We have been studying, investigating, thinking, becoming educated, and today we are in a much better position to handle this big question, the solution of which has taxed the brain of the shrewdest and most intellectual of our citizens for years. A question with which many of our states have struggled for over half a century, and a question that is still in its experimental stage, in a great many states of the Union. A question with many conflicting opinions, and one in which business men, capitalists, churchmen, farmers, and citizens of all classes honestly differ.

Up to the year 1909, seventeen Northern States had passed prohibitory laws and 14 of the 17 had repealed them leaving but 3, Kansas, Maine, and North Dakota that at that time had strictly prohibitory laws on their Statute Books, and under these conditions, it is no wonder that opinions differed as to the best methods of handling the liquor traffic. It is no wonder that the Deseret News in its issue of March 1, 1909, in speaking of one of the big questions before the legislature said: "Nothing is lost by taking sufficient time to consider a measure of such importance." It is no wonder that the people of Utah have been slow to act, and instead of passing a sweeping drastic measure that would in all probability result in failure, have built on a surer foundation by passing city and county option laws.

Since the year 1909 a great many of our sister States have again joined the dry column, and from current reports it can reasonably be accepted that this time results are far more satisfactory. In our own State, and especially in Cache County, the results following local option laws have been good, and as far as Cache County is concerned, it would appear that the reasonable and right thing to do is to pass a genuine state wide prohibition bill during the next session of the legislature. It is to be hoped that other localities, have likewise proved its efficiency, and become converted to its purpose as Cache County has and that both Republican and Democratic conventions will write a state wide prohibition plank in their platform which will insure a state wide measure being written into law.

No one can gainsay but that the Republican method of handling the liquor question has been the real sound method. It has been reasonable, it has been just, temperate, progressive, the result of good judgment, and in accordance with the history of the people of Utah who are patient, tolerant and long suffering. A people that have had a taste of drastic laws but who are disposed to be reasonable and fair to all men, notwithstanding.

For seven years the liquor question has been prominently before the people and a great deal of ground has been gained, sentiment in favor of its prohibition has increased, the people want it prohibited and know better how to handle and enforce a measure of such dimensions, and right now is the time to take preliminary steps for the passage of such a measure the operation of which will make Utah the cleanest and best State in the Union as far as the liquor traffic is concerned. Let us have a State wide prohibition bill by legislative enactment without further controversy.

Arrangements now ready for celebration

The arrangements for the celebration on the Twenty-fourth of July, are well under way and each committee is working hard to carry its part through successfully. People need not leave for other places for entertainment as there will be some feature taking place every minute of the day and evening. In general the program will be as follows:

1. Firing of salute at daybreak, N. W. Crookston.
2. Band concert at 9 a. m. on roof of Hotel Logan, Logan Military Band.
3. Pageant at 10 a. m. sharp, B. Y. Pioneer. Prologue and five scenes of pioneer life. Director Prof. W. O. Robinson.
4. Meeting in Tabernacle at 11:30 a. m. Selection by the Logan Military Band. Oration, 30 minutes, C. R. Mabey. Selection by the Logan Tabernacle Choir.
5. Sports on square at 2 p. m. races of all kinds for young and old. Contests of strength and skill. Logan Military Band in attendance.
6. Baseball game headed by Logan Military Band at 3 p. m. Baseball game on B. Y. campus at 3:30 p. m. Logan versus Brigham City. Purse \$75.
7. Band concert on, Tabernacle square by Logan Military Band from 7:30 to 8:30 p. m.
8. Dance at Auditorium 9 p. m. with special music. Special features at all the picture shows.

The work of removing the trees on South Main street for laying street paving has begun in real earnest. A large traction engine is being used effectively to do the work.

CHRONIC KICKER HAS NO PLACE IN LEWISTON

Lewiston, July 19.—The Pharisee stood and prayed thus with himself: God, I thank Thee that I am not as other men are, extortioners, unjust, or even as this Publican.

Don't be a chronic kicker and all around thoroughbred grouch. What if you do go to bed at 6:30 is that any reason that your neighbor must do likewise. Did it ever occur to you that if his hearty laugh which woke you up at 10 o'clock and you kicked that he has the same kick coming, when his slumbers are aroused at 2:30 a. m. by your washing machine. Don't take all the responsibility of the town on your own shoulders. A town board is elected for that purpose. Don't force your neighbor to walk with a ring in his nose while you lead him. "Had we the power the gift gee us to see ourselves as aithers see us."

The street lighting system of Lewiston has just been completed and Lewiston can now boast of a better system than any other town of its size in the state.

Mrs. Will Brower of Bancroft, was visiting in Lewiston last Saturday.

Work has commenced on the new electric car line which will be extended from the lower Lewiston beet line to the proposed new sugar factory at Smithfield.

Dr. and Mrs. Lorin Lewis, Mr. and Mrs. Reuben Karren, Mr. Peter E. Van Orden, Mr. Clem Rawlins, Mr. Jay Van Orden, Miss Lucille Coley, Mrs. Florence Elwood and Miss Lulu Telford were all at Logan, Thursday night last, to attend the picture show The Battle Cry of Peace.

Mr. John Bernhisel and daughter, Miss Sadie Bernhisel, have returned from Malad where they have been visiting relatives.

Mr. Alvin Brower was in town on business Thursday.

The ball game between Lewiston and Brigham City, last Saturday, resulted in a score of 6 to 3, in favor of Brigham.

The Lewiston Primary was reorganized Sunday. Mrs. Elzera Rawlins was sustained as president; Mrs. Eulalia Tagart, first, and Mrs. Stella Bell, second counselors; Miss Bell Kemp, secretary.

Mrs. Florence Elwood was in Logan on business Monday.

Many Lewiston people attended the Relief Society Conference at Richmond, Friday.

Word was received at Lewiston of the death of an infant of David Van Orden, of Black Pine, formerly of Lewiston. Mr. Russell Rogers, Mrs. Abner Van Orden and Mrs. Charlotte Rogers all motored to Black Pine to attend the funeral last Sunday.

The Lewiston baseball team will leave Lewiston, Friday morning on a four day baseball tour. They will play Soda Springs, Pocatello, Bancroft, Dempsey and Downey, while away.

Messrs Stillman Pond, Harris Pond, Leon Pond, Miss Mary Pond, Miss Hazel Pratt and Miss Carrie Hoagard, were visitors at Preston last Sunday evening.

Mrs. Watkin Roe was visiting at Lewiston, Saturday.

Mr. Barracough of Salt Lake City, father of Prof. Barracough is visiting in Lewiston.

A missionary farewell party will be given Saturday night in honor of Mr. Jed Lewis who will leave in a short time for a mission to the Southern States.

Miss Ione Reese of Benson was visiting in Lewiston Saturday, guest of Mrs. Elbert Van Orden.

Mrs. Gertrude Rawlins returned home Friday from Ogden where she has been staying for several weeks.

Mrs. Mae Laschere was in Preston on business Tuesday.

The Lea Bonne Ami Club will meet at the home of Mrs. Gale Lewis on Friday.

Mrs. Maud Brower, formerly of Lewiston, was married to Mr. Henry Stoddard of Richmond last week. Mrs. Stoddard has many Lewiston friends who offer hearty congratulations.

The Misses Hugl of Logan are visiting in Lewiston, guests of Miss Irene and Netta Lewis.

Many Lewiston people are preparing to follow the baseball team while touring southern Idaho.

NEW HYDRO- ELECTRIC POWER HOUSE STARTED

Utah Power & Light Company Inaugurates Work On Another New Power House

With 350 men already on the ground and at work and with prospects that this number will be increased to 450 in the near future, construction operations have been inaugurated by the Utah Power & Light Company on a new hydro electric power house located at Cove, on Bear River, Idaho, about one and a half miles below the company's Grace power house.

This will be the fourth hydro electric power station operated by the Utah Power & Light Company on Bear River, and will form an important factor in the company's plans for developing and utilizing the natural resources of Bear River itself and the country tributary thereto.

The work on the Cove power house, together with the dam which will form the reservoir at Cove, and the great flume which is to carry water from the intake of the reservoir down to the power house will be pushed vigorously through the summer and fall months and it is expected the station will be completed in May, 1917.

The Cove power house will deliver 11,000 horse power of electrified energy to the company's transmission lines and will be very modern and up to date in every respect.

The company's operations begin at Bear Lake. Here one canal carries the water of Bear Lake back into the Bear River at those seasons of the year when the water in the river is low.

In order to augment the work of the outlet canal, the Utah Power & Light Company is now constructing electrically operated pumping station between Mud Lake and Bear Lake.

This is known as Liftton. Five electrically driven pumping units will be installed and these five pumping units will have a capacity of 1500 second feet. About 200 men are at work on the company's Liftton station and it is expected that work will be completed early this fall, after a year spent in constructing and equipping this station. The pumps at Liftton are the largest of their kind ever manufactured.

It is a noteworthy fact that all the work constructed by the company on Bear River is designed not only with the idea of power development, but also to conserve the greatest irrigation development possible. It was the company's work of widening and enlarging the outlet canal from Bear Lake to Bear River that made it possible for sufficient water to be turned out of Bear Lake last summer to supply the irrigation demands which saved the crops in the Cache Valley during the dry season of 1915.

MARRIAGE LICENSES

Licenses have been issued to the following couples:

Franklin A. Rawlins of Lewiston, and Caroline Weeding Hansen of Firth, Idaho.

Heber L. Call and Ivie Hoggan, both of Rigby, Idaho.

Ira E. Noble Jr., and Vera L. Jorgensen, both of Smithfield.
